How to join your eVisit from a computer

1. You will receive an invitation in your email. The invitation will be from someone with an @cmciks.com domain.
2. Select the “Join Hangouts Meet” link in the email.

- a. If you choose to call in, a unique number and PIN will be included in your email – do not use the one above. Otherwise be sure your computer volume is on.
 - b. If there are issues with hearing/talking on the computer – please just use the number to call in to talk to the provider.
3. Once you see yourself on camera, select the “Join now” on the right side of the screen.
 4. The nurse/provider will start the online meeting once you have joined.

If you have any questions, please respond to the text message sent to you or call 785-462-6184. Thank you!
